

GED Test Preparation Course

Today, many jobs require a high school diploma or GED (General Education Development) Certificate. The American Place (TAP) at Hartford Public Library offers a specially designed course to help individuals age 21 and older prepare for the GED test.

Orientation Sessions

Those seeking to obtain a GED Certificate come from a wide variety of backgrounds. An orientation session is therefore necessary to determine each prospective student's educational background and development so that a course can be tailored to meet his or her needs. The length of the course varies based on the student's educational background and progress, but typically takes approximately six months. To set up an orientation session, call 860-695-6337; email melder@hplct.org; or stop by The American Place, 2nd Floor, Hartford Public Library, 500 Main Street, Hartford.

Walk-in Hours

Mondays: 10 am – 1:30 pm

Fridays: 10 am – 1:30 pm

Other times are available by appointment.

Classroom Times

The GED course offers regularly schedule classroom periods for specialized assistance from a certified instructor as well as online teaching. Attendance is optional.
